Features of EasyCoin:

EasyCoin is a newbie friendly easy to use Bitcoin Wallet and Bitcoin Mixer / Laundry.
With EasyCoin you do not have to worry about anonymity and security when using Bitcoin, we take care of that.
Our integrated mixer makes sure none of your deposited Bitcoins get sent when you make a withdrawal, but instead its using funds from other users of the wallet which makes it a true Bitcoin Mixer or Bitcoin Laundry without same coin contamination.
We store all bitcoins encrypted and large amounts only in cold storage, which protects EasyCoin from hackers or other malicious people.
Storing and laundering / mixing your bitcoins has never been easier.
We respect our users privacy and do not store any information, if you are worried about someone knowing about you using Bitcoin, you can use our Tor hidden service: **http://wi3dg355dpiy2g5k.onion/**
You can use EasyCoin on any device, from your iphone or android phone / tablet to a pc or laptop without installing any programs or apps.
EasyCoin lets you access your bitcoins from any country and location worldwide.
